System X is a double wide, double strength slotted store fixture system that will help you display more!

Built for Everyday Retail

Heavy-duty construction. A coordinated look.

System X combines heavy-duty steel construction with flexible display options to help retailers create an organized, attractive selling space. With satin chrome and matte black components available, the system offers a clean, professional appearance that suits a variety of store styles.

More Freedom to Merchandise

Double-high, double-wide slots.

Its double-high, double-wide slots allow compatible accessories to fit side by side in the same slot. This gives you more freedom to position shelves, hanging bars, hooks, and faceouts where they work best for your merchandise.

One System, Throughout Your Store

Wall standards, floor fixtures, and outriggers.

Build your layout with wall standards, freestanding floor fixtures, or outrigger posts. Display folded clothing on shelves, hang garments on bars and faceouts, or arrange packaged products on hooks. Compatible accessories let you carry a coordinated look from your walls to the sales floor.

Ready for Your Next Display

Adjust as products and seasons change.

As merchandise and seasons change, System X can change with them. Reposition accessories and adjust your displays to accommodate new products, refresh a department, or make better use of your available space.

Bring Your Store Layout Together

Fixtures, accessories, and help choosing components.

Retail Supplies by WR Display & Packaging™ offers System X fixtures and accessories to help you bring your store layout together. Contact us for help choosing components for your space, or explore the collection at wrdisplay.ca.

Shown with optional hanging accessories and slatgrid inserts.

8FTSYSXKIT - 8' Wide x 8' High Wall Kit

Matte black wall display with 24" spacing
Double-wide, double-high System X slots make accessories easy to adjust. The entire system, including shelves, has a matte black finish.

Kit includes

- 6 x 24" steel cross bars (240361)
- 12 x 6" hooks for rectangular tubing (240374)
- 5 x 96" heavy-duty wall standards (240349)
- 4 x 24" x 13" x 1-1/2" steel U-bars (240352)
- 3 x 12" faceouts for rectangular tubing (261318)
- 5 x 24" x 14" x 1" metal slimline shelves (240351)

Wall mounting screws are not included.

990175 - 120" System X Heavy Duty Recessed Wall Standard - Special Order

240330 - 120" System X Satin Chrome Heavy Duty Wall Standard

240328 - 96" System X Satin Chrome Heavy Duty Wall Standard.

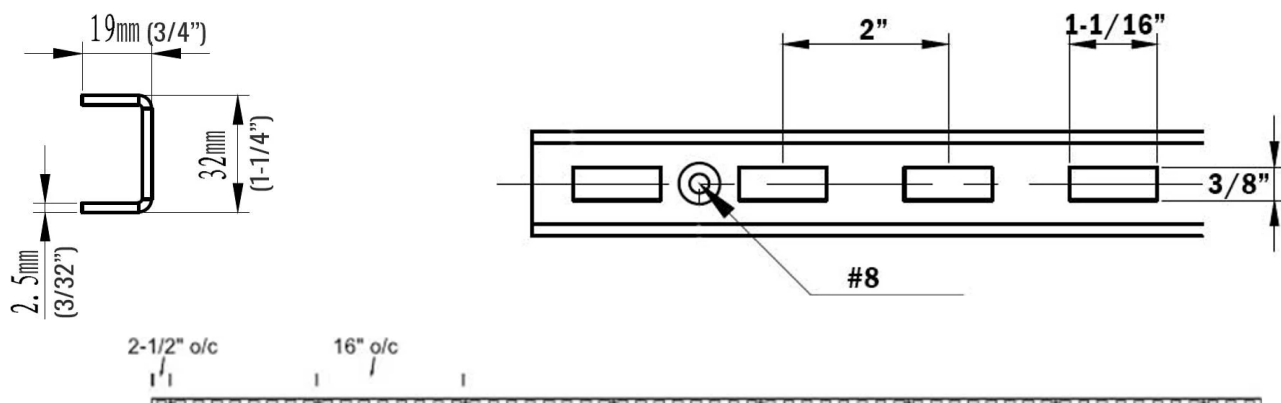

240358 - 120" System X Matte Black Heavy Duty Wall Standard

240349 - 96" System X Matte Black Heavy Duty Wall Standard

Wall Standard Dimensions

240342 - 120" Heavy Duty Outrigger Post

120" high x 1" wide x 2" deep | SKU 240342

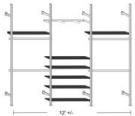

Heavy-duty steel with a matte black powder-coated finish. Can be cut to size. Double-wide, double-high slots accept adjacent fixtures; slots are 1" high on 2" centres.

Use directly against a wall, with adjustable wall brackets as an outrigger, or between floor and ceiling for a window display.

Mounting details

Use two adjustable wall brackets (240343) for wall mounting. Direct attachment requires drilling the solid side and fastening to a structural wall member. Floor-to-ceiling installation uses a floor leveller bracket (240344) and ceiling bracket (240345). A floor leveller is recommended for adjustment; ask about a 3/8"-thread nylon leveller as an alternative.

Mounting screws are not included. Installation should be completed by a qualified professional.

SX12OUTKIT - System X 12' Outrigger Kit

240343 - Adjustable Wall Mount Bracket for 240342 System X Outrigger Post

240345 - Ceiling Mount Bracket for 240342 System X Outrigger Post

240344 - Floor Mount Leveller Bracket for 240342 System X Outrigger Post

System X in Store

Display ideas for your sales floor and walls

Freestanding Floor Display

Combine hanging apparel with shelves for hats and folded merchandise.

Wall Display

Use shelves, hanging bars, and hooks to present apparel and accessories together.

Outrigger Display

Create a coordinated apparel wall with hanging rails at multiple heights and featured outfits above. Matte black posts frame the display while keeping merchandise in view.

Let Us Help You Build Your Ideal Store

We are ready to help you build your ideal store with System X. Whether you are opening a new location, refreshing your sales floor, or expanding an existing display, Retail Supplies by WR Display & Packaging™ can help you choose fixtures and accessories that suit your merchandise and space. Bring us your ideas, store dimensions, and display goals. Together, we can explore wall systems, floor fixtures, shelving, hanging bars, and outrigger options to create a practical, coordinated layout. Let us help turn your vision into a store your customers will enjoy shopping. Contact our store design team today at orderdesk@wrdisplay.ca.
